MEMORANDUM FOR: Addressees Noted Below with Distribution

SUBJECT : (1) Proposed [REDACTED] COMPENSATION FOR INJURY OR DEATH

25X1A

25X1A

(Jobs #65 and 262-11)

1. There are attached for concurrence and comment the proposed headquarters [REDACTED] stating Agency policy and procedures with respect to Compensation for Injury or Death. These benefits accrue to Agency personnel in accordance with provision of the Federal Employees' Compensation Act, as amended, and the Central Intelligence Agency Act. [REDACTED] will rescind most of CIA Regulation [REDACTED] dated 1 September 1952.

25X1A

2. The present drafts incorporate the results of working level collaboration between representatives of the Office of Personnel, the Medical Office, the Office of the Comptroller, and the Office of the General Counsel.

3. The subject of compensation benefits is closely associated with that of medical treatment and services. The attached drafts are confined to compensation benefits and the circumstances of eligibility therefor. The subject of medical treatment is to be included in the Regulations being developed by the Medical Office and will, of course, deal with those services which are provided by the Agency whether compensation benefits are involved or not.

4. These Regulations incorporate a liberalized interpretation of "line of duty" which was approved some months ago. Although current practice in the processing of claims recognizes this interpretation, there has been as yet no official instruction to the field on this subject.

5. These Regulations were initiated by the Office of Personnel and any questions should be referred to Mr. [REDACTED] Office of Personnel, Extension [REDACTED]

6. The Office of Personnel is currently negotiating with the Bureau of Employees' Compensation in the development of Agency forms to replace the BEC forms. It is anticipated that these forms will be
